## Agenda Item 2E-3 Jerde Architectural Corporation

**Motion:** Garlock moved to approve the firm name approval request for "Jerde Architectural Corporation". Motion seconded by Klai.

**Agenda Item 2E-6                      triARC architecture & design, llc**

**Motion:** Waugh moved to approve the firm name approval request for “triARC architecture & design, llc”.

**Agenda Item 2F-2                      DTJ DESIGN North America Architecture, Inc.**

**Motion:** Waugh moved to approve the firm name registration request for “DTJ DESIGN North America Architecture, Inc.”. Motion seconded by Snyder.

Larry Tindall, residential designer, presented Dirk Jacob Jansse with The Dewey Jones Residential Design Exam Scholarship. Jansse was the first co-recipient of the scholarship since it was put into place in 2013. The scholarship was established in memory of Dewey Jones, a respected professional and Nevada's 29th residential designer. The scholarship, fully-sponsored by Nevada residential designers, reimburses the cost of the residential design exam and will be awarded to every candidate who passes all four parts of the exam on the first attempt.

Mickey congratulated the new registrants and welcomed them to their professions. He told them that the board conducts the registration ceremony to commemorate the accomplishment of becoming registered and so that they can meet the board and staff. He told them of the importance of researching the laws in other jurisdictions prior to pursuit of any projects in those jurisdictions. Mickey encouraged the new registrants to contact NSBAIDRD staff for any clarification and/or guidance needed in the future.

Mickey introduced Randy Lavigne, executive director of the American Institute of Architects (AIA) Nevada and AIA Las Vegas.

Lavigne told the new registrants that the AIA is a professional association that offers support and resources for those in the design profession, including residential designers and registered interior designers. She welcomed them into the profession on behalf of 95,000 AIA members across the country and presented them with a Certificate of Recognition.

Harrison congratulated the registrants and told them to contact board staff when they are in need of assistance anytime during their careers.

She then spoke on behalf of Greg Erny, NSBAIDRD board member and president of the National Council of Architectural Registration Boards (NCARB), encouraging the architect registrants to be a voice for their profession by joining an NCARB committee. She told them of the importance of becoming NCARB certified.

Harrison explained to the new registrants that they are exempt from Nevada's continuing education requirement for 2019 and 2020 registration renewal but would have to complete the required continuing education units in 2020 for 2021 renewal.

Ciesynski encouraged the registered interior designers to join CIDQ's Ambassadors Program, a program assisting those on the path to NCIDQ Certification.

Garlock reiterated the importance of reaching out to board staff for guidance in following statutes, especially in order to prevent unintentional aiding and abetting.

Mickey invited the registrants to comment concerning their paths to registration.

One architect said the Las Vegas testing center was having tile removed from the facility while candidates were testing.

Those testing in the 4.0 version of the Architect Registration Exam (ARE) received test results in approximately one week while those testing in 5.0 received results in approximately one day.

Two of the architects transitioned from 4.0 to 5.0. They agreed that 5.0 was much more applicable to what is done in practice.

Mickey requested that the new registrants spread the word to those currently testing that ARE 4.0 will not be offered after June 30, 2018 and that candidates should plan accordingly by scheduling divisions in 4.0 or make a plan to transition into 5.0.

**AGENDA ITEM 4**                      **Review and Possible Decision Regarding Application for Architect Reciprocal Registration of Michael E. Reynolds pursuant to NRS 623.210 and NAC 623.410**

Reynolds' application documented that he had disciplinary action in Arizona and New Mexico. He was not in good standing in New Mexico at the time of application submittal. He submitted a detailed account of the events leading up to the revocation of his New Mexico architectural license. Reynolds is in good standing in Arizona, Colorado, and Ontario.

The board discussed the matter at length.

**Motion:** Waugh moved to approve the application of Michael E. Reynolds for architect registration upon the condition that he submits a portfolio of all work performed in Nevada, due on or before December 31, 2018 along with his registration renewal. Motion seconded by Ciesynski.

**Vote:** Garlock opposed. All others in favor. Motion passes.

**AGENDA ITEM 5**

**AGENDA ITEM 7**

**Review and Possible Approval of the Proposed NSBAIDRD Financial Policy**

Harrison presented the financial policy that was drafted per the board’s request. In addition, she added a purchasing section to protect the board and board staff as follows:

***Purchasing***

*The Board generally follows the State of Nevada’s purchasing, procurement and contracting policies. Its practice is to purchase goods and services that are the most cost effective. Quality, special needs and efficiency factor into this process. The Board will consider the availability and purchase of recycled products, when applicable. Purchasing real property or other such items fall under special consideration by a vote of the Board.*

*The Board makes purchases by using petty cash, Board checks or a credit card. There are times when purchases may be made from personal funds directly and reimbursed as long as a receipt is submitted. Purchases over \$5000 require approval from the Chairman.*

**Motion:** Waugh moved to approve the NSBAIDRD Financial Policy as presented with the amendment of removing the word “typically” from the first sentence of the third paragraph. Motion seconded by Ciesynski.

**Vote:** All in favor. Motion passes.

**AGENDA ITEM 9A-1**

**Case No. 18-001R - In the Matter of David Manica and Manica Architecture**

The respondent is alleged to have violated NRS 623.360.1 (a), (b), and (c) by preparing and advertising architectural renderings for a project in Nevada prior to having a certificate of registration with the board.

Staff was directed by the board to investigate the widespread advertisements naming the respondent and Manica Architecture as the designer of the new Las Vegas Raiders Stadium. An internet search produced hundreds of results showing renderings prepared by Manica Architecture as the designer of the stadium including the Manica Architecture website which displayed renderings of the Las Vegas Stadium prior to the respondent obtaining a certificate of registration.

The respondent was sent a Notice of Charges concerning this matter. The respondent’s case was discussed with Executive Director Harrison and the decision was made to offer the respondent an opportunity to settle this matter informally rather than face a disciplinary hearing before the board. A settlement agreement was negotiated incorporating a Guilt Clause and an Administrative Penalty of \$11,000 plus Investigative Costs in the amount of \$1,000.

Staff recommended approval of the settlement agreement.

**Motion:** Waugh moved to approve the settlement agreement. Motion seconded by Fleming.

**Vote:** Kali abstained. All others in favor. Motion passes.

**AGENDA ITEM 9A-2            Case No. 18-016N - In the Matter of Jennifer Wampole and Jet Development Inc.**

The respondent is alleged to have violated NRS 623.360.1 (d), NAC 623.0195, NRS 623.360.1 (a), (b), and (c) by working outside of the contractor's exemption and holding herself out as being qualified to practice architecture and engaging in the practice of architecture.

Staff received a complaint from a registrant that someone had taken his drawings and removed his title block and submitted them as their own. Further investigation revealed that the respondent submitted drawings that were based on the registrant's drawings without obtaining his release. When finding out that the scope of work was above her contractor's limit she then submitted the same drawings with another contractor's title block without their knowledge.

The respondent was sent a Notice of Charges concerning this matter. The respondent's case was discussed with Executive Director Harrison and the decision was made to offer the respondent an opportunity to settle this matter informally rather than face a disciplinary hearing before the board. A settlement agreement was negotiated incorporating a Guilt Clause and an Administrative Penalty of \$12,500 plus Investigative Costs in the amount of \$2,000.

Staff recommended approval of the settlement agreement.

**Motion:** Waugh moved to approve the settlement agreement. Motion seconded by Morelli.

**Vote:** All in favor. Motion passes.

**AGENDA ITEM 9A-3            Case No. 18-023N - In the Matter of Matthew Rosenberg and M-Rad Inc.**

The respondent is alleged to have violated NRS 623.360.1 (b) and (c) by preparing and advertising architectural renderings for two projects in Nevada without having a certificate of registration issued by the board.

Staff located an article in the Las Vegas Review Journal about Vegas Extreme Sports Park being approved by Clark County commissioners. Bach performed a search of the internet to find more information about the project and located an Indiegogo page (a fundraising page) with renderings prepared by the respondent. A review of the respondent's website, Facebook, and Instagram pages revealed renderings for two Nevada projects.

The respondent was sent a Notice of Charges concerning the project. The respondent's case was discussed with Executive Director Harrison and the decision was made to offer the respondent an opportunity to settle this matter informally rather than face a disciplinary hearing before the board. A settlement agreement was negotiated incorporating a Guilt Clause and an Administrative Penalty of \$4,000 plus Investigative Costs in the amount of \$1,000.

Staff recommended approval of the settlement agreement.

**Motion:** Waugh moved to approve the settlement agreement. Motion seconded by Garlock.

**Vote:** All in favor. Motion passes.

**AGENDA ITEM 9A-4                      Case No. 18-024N - In the Matter of Donald Andrews Jr. and Andrews Design Group, Inc.**

The respondent is alleged to have violated NRS 623.360.1 (a) and (b) by holding himself out as an architect and advertising projects in Nevada on his own website without having a certificate of registration issued by the board.

During a routine reciprocity background check for the respondent's employee, the website, www.adgarch.net, was reviewed and it was discovered that there were four Nevada projects being advertised. Further investigation revealed that all of the projects were completed in association with a Nevada architect however there were no contracts between the respondent and the registrants.

The respondent was sent a Notice of Charges concerning the project. The respondent's case was discussed with Executive Director Harrison and the decision was made to offer the respondent an opportunity to settle this matter informally rather than face a disciplinary hearing before the board. A settlement agreement was negotiated incorporating a Non Admission of Guilt Clause and an Administrative Penalty of \$8,500 plus Investigative Costs in the amount of \$1,500.

Staff recommended approval of the settlement agreement.
