ARCHITECTURE, INTERIOR DESIGN AND  
RESIDENTIAL DESIGN**

**LCB File No. R097-22**

July 15, 2022

EXPLANATION – Matter in *italics* is new; matter in brackets [omitted material] is material to be omitted

AUTHORITY: § 1, NRS 623.140 and 623.210; § 2, NRS 623.140.

A REGULATION relating to professions; revising provisions relating to another jurisdiction's registration as an architect being accepted by the State Board of Architecture, Interior Design and Residential Design in lieu of an examination; clarifying certain provisions relating to the use of corporate or fictitious names by certain persons; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the State Board of Architecture, Interior Design and Residential Design to adopt: (1) regulations governing the examination of applicants for certificates to practice architecture, interior design or residential design in this State; and (2) such other regulations as may be necessary and proper to carry out the provisions governing architects, interior designers and residential designers. (NRS 623.140).

Existing law authorizes the Board to waive all examinations for a certificate of registration to practice architecture or residential design and, instead, accept satisfactory evidence of registration as an architect in another jurisdiction where the qualifications required are equal to those required in this State. Existing law authorizes the Board to require as satisfactory evidence of such registration in another jurisdiction a certificate of the National Council of Architectural Registration Boards. (NRS 623.210) Existing regulations establish the qualifications an applicant must have to be eligible to present satisfactory evidence of registration in another jurisdiction to obtain a waiver of certain examinations, including, without limitation, requirements that: (1) at the date of application, the applicant qualifies to take the architect's examination; (2) the applicant holds a current certification by the National Council of Architectural Registration Boards; and (3) the applicant has passed one examination prepared by the National Council or an examination considered equivalent by the Board. (NAC 623.410) **Section 1** of this regulation: (1) exempts applicants who are subject to a Mutual Recognition Agreement between the National Council of Architectural Registration Boards and a similar entity in a foreign country from the requirement that, at the date of application, the applicant qualifies to take the architect's examination; (2) includes a current certification that has resulted

from such a Mutual Recognition Agreement as a current certification by the National Council of Architectural Registration Boards that an applicant must hold; and (3) removes the inclusion of the seven-part national examination prepared by the National Council as an examination that the applicant may pass to satisfy the requirement to have passed an examination prepared by the National Council or an examination considered equivalent by the Board.

Existing regulations establish the manner in which a person who is registered to practice interior design may use a corporate or fictitious name for his or her firm, partnership, association or corporation. Existing regulations authorize the inclusion of the names of natural persons, including the name of a retired or deceased person or name of a person who is a member of certain other businesses, in the name of the registrant's firm, partnership, association or corporation only if certain conditions are satisfied. (NAC 623.740) **Section 2** of this regulation revises the requirements for indicating the names of such persons to specify that those requirements apply to public communications made by the registrant.

**Section 1.** NAC 623.410 is hereby amended to read as follows:
